ACKNOWLEDGMENTS

I want to express my deepest gratitude to Jesus Christ, who always faithfully and lovingly accompanies, guides, blesses, and gives strength to me so that I can complete this final thesis well. When I feel tired and hopeless, God always accompanies me and gives me extraordinary wisdom to keep thinking clearly until the completion of this final thesis. I am very grateful to God for every process, from the beginning of the work to the end, that I have successfully undertaken to complete this final thesis.

In addition, I also extend my most profound appreciation to everyone who has always accompanied and guided me tirelessly during my education at Petra Christian University, especially while working on this thesis. I realize this thesis would not have been possible without the guidance and support of numerous individuals. I express my deepest gratitude to:

1. *Bapak* Ismu, *ibu* Kanti, and *adik* Laura, who have listened, encouraged, and provided moral and material support for four years as I pursued my dreams,

11. Last but not least, I would like to take a moment to thank myself for the dedication, hard work, and faith that I have shown over the past four years. Even though my academic journey had its detours, thank you for staying motivated and not giving up during the hard times and eventually completing this final thesis.

I realize that this thesis is still far from perfect. Therefore, I expect constructive criticism and suggestions from readers for improvement and refinement in further research.

Finally, I would like to apologize for any shortcomings in this study. I hope this study can provide additional insights for readers.
