Perancangan Interior "Ardeakon Cafe and Gallery" dengan Pendekatan Eko-Desain di Temanggung

Kalangan muda senang berkumpul dan bersantai di *cafe*. Kegiatan berkumpul yang semakin meningkat ini juga mendorong pertumbuhan jumlah *cafe*. Namun, pembangunan *cafe* seringkali tidak mempertimbangkan masalah global seperti perubahan iklim, polusi, dan penurunan keanekaragaman hayati, sehingga berdampak negatif pada lingkungan sekitarnya. Oleh karena itu, pembangunan *cafe* dengan pendekatan eko-desain penting untuk mendukung keseimbangan dan kelestarian lingkungan. Sejalan dengan keinginan *brand* Ardeakon untuk memperluas usaha dari *interior build* dan peralatan otomatis ke sektor di Kota Temanggung, maka identitas *brand* perlu diterapkan dalam desain interior dengan tepat. Identitas *brand* yang baik dalam desain interior akan membantu mempermudah pengunjung untuk mengenali ciri khas *Ardeakon Cafe and Gallery*. Perancangan ini menggunakan metode *design thinking* dan pendekatan eko-desain, menekankan pada organisasi ruang yang efektif dan efisien, penggunaan material ramah lingkungan, efisiensi energi dan sumber daya, serta penerapan identitas *brand* dengan tepat. Hasil dari perancangan interior ini dapat meningkatkan kesadaran masyarakat terhadap isu-isu lingkungan dan berkontribusi dalam mengurangi dampak lingkungan. Selain itu, pembangunan *cafe* dan *gallery* yang unik ini dapat menarik perhatian masyarakat, serta menjadi salah satu daya tarik wisata di Kota Temanggung.

**Kata kunci:** Perancangan interior; cafe dan gallery; eko-desain; identitas brand

## ABSTRACT

Design Report

Interior Design for "Ardeakon Cafe and Gallery" with Eco-Design Approach in Temanggung

Young people enjoy gathering and relaxing at cafes. The increasing trend of these gatherings has led to a rise in the number of cafes. However, the construction of cafes often fails to consider global issues such as climate change, pollution, and biodiversity loss, negatively impacting the surrounding environment. Therefore, building cafes with an eco-design approach is crucial to support environmental balance and sustainability. In line with Ardeakon's desire to expand its business from interior building and automatic equipment to the retail food and beverage sector in Temanggung, brand identity must be accurately applied in the interior design. A strong brand identity in interior design will help visitors easily recognize the unique characteristics of Ardeakon Cafe and Gallery. This design uses the design thinking method and an eco-design approach, focusing on effective and efficient space organization, the use of environmentally friendly materials, energy and resource efficiency, and the precise application of brand identity. The results of this interior design can raise public awareness about environmental issues and contribute to reducing environmental impact. Additionally, the unique construction of the cafe and gallery can attract public attention and become a tourist attraction in Temanggung.

**Keyword:** Interior design; cafe and gallery; eco-design; brand identity
