ACKNOWLEDGEMENT

With a grateful heart the thesis writer gives thanks to the Lord for His love and power in helping her to finish this thesis. It is a miracle that in such a condition she can fulfill her mission in finishing the thesis. Besides, she also wants to express her gratitude to the well-known Dra. Anita Lie, Ed.D as the thesis advisor for her sincere kindness and brilliant ideas in guiding the thesis writer. It is a great wonder that within her busy hours as a dean, Dr. Lie still has time to guide the thesis writer patiently. For Mom and Dad who are like best friends to the thesis writer, she cannot help saying thank you for their understandings and prayers for this thesis. From her beloved fiancé, Hwie-Hwie, she receives much affection that encourages her to continue writing this thesis. Without his real sacrifices, the thesis writer's dream will not come true. For helping her in typing this thesis, she is also indebted to Robert, her dearest brother. May God bless him forever and ever. Last but not least, the thesis writer feels so lucky to have some friends in the Youth ministry, especially Nike and Rika, who always sincerely encourage her in finishing this thesis.
